Specifics

Transport

Each team provides transport for movements between sleeping place, tournament hall and the location for the barbecue. In exceptional cases of transport problems, you can contact the tournament management.

Barbecue and party

Our Big Barbecue is included in the overnight price. This barbecue takes place on Thursday evening after the first tournament day. After the barbecue everyone can enjoy a fraternization party in the Fixit clubhouse until midnight. We also provide space for those who do not like to party.

Referees

Each registered club is asked to provide a referee, for which you'll receive a discount of € 30 on the total amount. This discount will be settled after the tournament, together with the deposit. This referee will be asked to lead 3 games per tournament day.

We do ask that, as far as possible, the referee is not also a team coach.

Team manager

Per team there is at least one responsible person, older than 21 years, who is responsible for guiding the youngsters. This person will also act as contact for the organization.

Walking tourism, cycling and overnight stays

Kalmthout and Wuustwezel are rural municipalities with an extensive network of walking and cycling paths. The 'Kalmthoutse Heide' is a famous natural park that extends across the border with the Netherlands (Grenspark Zoom).

There are several excellent restaurants, hotels and B&Bs in both municipalities. Parents and supporters who want to do something

else besides watching volleyball can make it a fantastic multi-day trip!
